

RODRIGO FABREGAT

JR. PYTHON DEVELOPER

ABOUT ME

I am a Python FullStack developer. I am proficient in both BackEnd and FrontEnd, but my main goal is to work on the BackEnd - I feel more comfortable with it, and I enjoy it the most.

I have knowledge in JavaScript as well, but currently I want to focus in Python Frameworks.

I am looking for a company where I can continue progressing in the long path of learning as a Python developer.

SKILLS

Pandas

EDUCATION

UDEMY 2022

HTML, CSS, JavaScript

UDEMY 2023

Full Stack Python Developer
